# *A/C Ch Bastion's Celebration Time American and Canadian BIS BISS*

*Magnum was born in December 1993, a chunky fawn puppy with the promise of greatness and successes yet to be realized. (Can Ch Dox Shatrugo Lancaster x Am/Can Ch Bastion's Fool For Your Love). In 1994, he made breed history at the time by becoming the youngest bullmastiff AKC champion, at only seven months garnering three five point majors in four days of showing. By nine months he was a Canadian champion with an all breed sweepstakes win as well as a best puppy in show win. He was the epitome of the bullmastiff standard, standing on stout sturdy heavy boned legs with wide rib spring, solid back and well muscled thighs and strong hindquarters. He carried a glorious head, bearing beautiful expression, a tight under bite and very sufficient black masking. If one adheres to the comparison of the breed to the quarter horse, then Magnum fit the mold well.*

*By two years of age in 1996 Magnum was a BIS winner in the US and #1 all systems shown by Perry Payson. In 1997 he became a multiple BIS winner in Canada, and #1 Bullmastiff as well as placing in the top ten elite working dogs in the country that year and proudly shown by Pam McClintock.*

*Coming from a long line of working Bullmastiffs, he has passed these desirable traits to his off spring and so it is that as the years have passed many of his get and subsequent generations still have the performance blood coursing through their veins. Intelligence, stability, and a strong motivation to be trained and perform solidly are a requisite trait in the bullmastiff and to that end Magnum's children, grandchildren, and great grandchildren have proven themselves to be worthy individuals. Magnum was line bred and outcrossed, and without fail his superior structure was recognized in his offspring. We always concerned ourselves with light eyes and the long coat gene but selective breeding assisted us in that endeavour.*

*Magnum was the first male Bullmastiff to have BIS titles in both Canada and the U.S. We are indebted to Pam and Tom McClintock and Russ and Helma Weeks for their years of dedication to the breed thus allowing us a firm foundation on which to build. Magnum was a dog of exceptional quality. He was lost to osteosarcoma when he was nine years old.*

*Submitted by Bob and Lynn Spohr, owners and breeders  
Bastion Bulmastiffs*
